Mount Saint Mary Academy 1908-2008 A Commemoration

A book by Sister Mary Alphonsus Kennedy, RSM '39

To commemorate the Mount's 100th anniversary, S. Mary Alphonsus Kennedy has lovingly written a book celebrating "the place, the people, and the purpose." Beautifully designed, the 200-page book inspires "happy remembering" through its presentation of facts, faces, and photos. S. Alphonsus has been a part of the Mount as a student, a teacher, a religious, an administrator, and an archivist, and now, as an author, she has given the Mount community a work that encompasses 100 years of Mount memories.

A book every alumna will treasure!

An Excerpt:

The Mount

A mosaic of many details, provoking the thought that in the particulars is contained the universal.

It is the pieces that make the whole: these two simple words, the Mount, evoke memory and celebration and belief. What do we celebrate in our 100th year?
